“Your Source for Aerostar Parts”

*Parts Manufacturing Authority*

*PQ4173CE*

2015 Aerostar Parts Price List

**Revised 29 February 2016**

## ***Note:***

Balloonacy, ltd, LLC, d/b/a Parts Authority, was issued a Parts Manufacturing Authority certificate (PQ4173CE) on January 18, 2013, culminating almost a year of coordination between this company and Raven/Aerostar, of Sioux Falls, SD. The staff appreciates the trust placed in this facility's operations and capabilities, and we look forward to continuing Aerostar's tradition of customer service to the fleet of Aerostar balloons worldwide.

We ask that our customers and clients understand that, during this transition, we will not have all parts in stock at all times. Additionally, there may be fluctuations in parts prices as we move from "new old stock" transferred from Aerostar to new stock acquired through sources. Remembering that this is a small, family-owned and operated business, we ask for your patience while we move into this new operation. The more lead time we can get on manufactured items (specifically, fuel lines), the better we will be able to meet your delivery and service/inspection time frame.

**Ordering Information:** Orders may be forwarded by e-mail, phone or fax. Please have your credit card available; we can accept all major cards, as processed thru Square. We are not programmed to run accounts at this time. Under normal circumstances, any order received by 3 PM on a normal business day will go out that day; however, we can take orders later for a same day shipment, at a significantly higher rate. We have to take them directly to the airport drop point, and traffic is tough here around 5 PM.

**Discounts:** Certificated repair stations will receive a 20% discount on any order over \$75.00. A&P/IA certificate holders will receive a 10% discount; please have your certificate number available when placing your order.

**Shipping:** Orders will normally be shipped by USPS, using the flat rate mailing boxes, unless otherwise requested. There are additional charges for UPS and FedEx, but both are available upon request. Emergency / short-notice /AOG / I forgot orders are frowned upon, but we can deal with it as necessary.

Balloonacy / Parts Authority is only responsible for those parts that have been delegated to us by our agreement with Raven Aerostar. We will be supplying fuel lines, cable pairs and sets, as well as most consumable items (Templabels, O-rings, seals, hardware, etc.) Under that same agreement, all fabric is handled thru Lindstrand Balloons US (phone 815-777-6006); all sewn assemblies, to include top cap assemblies, skirts and dipper/scoops, as well as deflation straps, are the responsibility of SuperiAire Technologies (phone 505-858-1685).

We look forward to meeting your Aerostar parts needs in the future. Please feel free to contact us should you have any questions.

Fly safe, fly smart!
